Unraveling Anxiety: It's More Than Just Worries

*Presenters: Dr. David Hunt and
Joey Williams, M.S., Ph.D. Candidate
Advanced Behavioral Solutions*

Anxiety is one of the most commonly experienced mental health struggles, and that was pre-2020! This year has presented many obstacles and anxiety has increased throughout the country, but it's not only adults that are struggling. How anxiety shows itself in children, teens, and young adults is often misunderstood. It is more than being afraid or worrying, and anxiety can present itself in a variety of ways. Advanced Behavioral Solutions LLC will give you tips on what symptoms of anxiety to watch for, as well as how and when to intervene.

Tantrums, Meltdowns, Anxiety Attacks, and Impulse Control: Recognizing the difference, handling the event, and strategies for next time

*Presenters: Dr. David Hunt and
Joey Williams, M.S., Ph.D. Candidate
Advanced Behavioral Solutions*

My child is having a fit! This meltdown is unbearable! These are things that every parent has said at one point or another, but did you know that there is often more to be understood from these difficult moments? Behavior is a way of communicating and, though it is not usually the best way to communicate, for children with special needs it is often the go-to when they are overwhelmed. Advanced Behavioral Solutions will discuss the differences between tantrums, meltdowns, anxiety attacks, and more to help you as parents better understand and respond to these behaviors.
